# SAFETY DATA SHEET

Issued Date 2014/11/4 Revision Date 2021/3/9

### 1. Identification

\*

| ∗ Product name | Water-Based Urethane Color Varnish For Floor Dark Brown |  |
|----------------|---|--|
|                |   |  |

- 26605 \* Reference number \* Company Washin Paint Co.,Ltd. 2100-18 Kamiyoshiba Satte-shi Saitama-ken 340-0121 Japan \* Company address \* Section concerned Production engineering department \* Person in change Takeyuki Kawashima \* Phone No. 0480-48-2021 \* FAX No. 0480-48-2024 \* Emergency contact 0480-48-2021 \* Product kind Water based pigment type coloring paint
  - \* Principal use Floor coating

# 2. Hazards identification

### [ Classification ]

| Hazards  | Category                    | Signal word |
|--|-----------------------------|-------------|
| Hazarus  | Hazard statement            |             |
| Flammable liquids  | Not classified              |             |
|  |                             |             |
| Acute toxicity Oral  | Not classified              |             |
|  |                             | 1           |
| Acute toxicity Dermal                                      | Not classified              |             |
| -  |                             |             |
| Acute toxicity Gasas                                       | Not applicable              |             |
|  | Not classified              |             |
| Acute toxicity Vapours                                     |                             |             |
|  | Not classified              |             |
| Acute toxicity Mists                                       |                             |             |
|  | Not classified              |             |
| Skin corrosion/irritation                                  |                             |             |
|  | Not classified              |             |
| Serious eye damage/eye irritation                          |                             |             |
| Provintent consitiention                                   | Not classified              |             |
| Respiratory sensitization                                  |                             |             |
| Skin sensitization   | Not classified              |             |
|  |                             |             |
| Germ cell mutagenicity                                     | Not classified              |             |
| ,  |                             | 1           |
| Carcinogenicity  | Not classified              |             |
|  |                             |             |
| Reproductive toxicity                                      | Not classified              |             |
|  | Net de citad                |             |
| Specific target organ systemic toxicity                    | Not classified              |             |
| Single exposure<br>Specific target organ systemic toxicity | Not classified              |             |
| Repeated exposure  |                             |             |
|  | Not classified              |             |
| Aspiration hazard  |                             | 1           |
| Hazardous to aquatic environment                           | Not classified              |             |
| Acute  |                             | I           |
| Hazardous to aquatic environment                           | Not classified              |             |
| Chronic  |                             |             |
| Hazardous to the ozone layer                               | Classification not possible |             |
|  |                             |             |

\* If the signal word "Danger" applies, the signal word "Worning" should not appear.

\* For the details with "Specific target organ systemic toxicity", refer to "11.Toxicological information".

[Symbol]

There is not a corresponding symbol.

# [ Precautionary statement ]

(Prevention)

- \* Obtain and understand special instructions before use.
- \* Don't eat, drink or smoke when using this product.
- $\ast$  Wear protective gloves and eye/face protection when it needs.
- \* Wash hands thoroughly and gargle after handling.

(Response)

- \* In case of fire, use carbon dioxide/powder/foams for extinction.
- \* If in eyes: Rince cautiously with water, get medical advice/attention.
- \* If on skin or cloth: Wash with plenty of scap and water. Take off contaminated clothing and exchange it.
- \* If skin irritation occurs, seek medical advice/attention.
- \* If exposed or concerned: Get medical attention/advice.

(Strage)

\* Store container in the place which well-ventilated and cool.

(Disposal)

- \* Don't dispose contents/container to the river and the sewage.
- \* Dispose contents/container in accordance with local/regional/national regulation.
- \* This is the common precautionary statement for water based paint.

### 3. Composition/information on ingradients

Property Mixture

Product kind Water based pigment type coloring paint

| Chemical name       | Weight<br>(%) | CAS No.   | Chemical structure | Notice duty |
|---------------------|---------------|-----------|--------------------|-------------|
| carbon black        | 0~1           | 1333-86-4 | С                  | 0           |
| manganese compounds | 0.25          | _         | —                  | 0           |
| -                   | 1             | —         | —                  | _           |
| -                   | _             | —         | -                  | _           |
| -                   | I             | —         | —                  | _           |

# 4. First-aid measures

(When swallowing)

- \* Without making vomit by force, be rested and have a medical attention.
- \* The vomit doesn't make swallow. Get medical attention.
- (When inhaling)
  - \* Remove to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice/attention if you feel unwell.
- (When adhering to the skin)
  - \* Wipes up quickly with cloth and washes it off sufficiently using plenty of water and soap. Don't use organic solvent, thinner and so on.
  - \* If you get damage or feel pain, seek medical advice/attention.

(When entering eyes)

- \* Wash for more than 15 minutes with a plenty of water at once.
- \* Get a medical attention as fast as possible.
- 5. Fire-fighting measures
  - (Suitable extinguishing media)
    - \* Water ( O ), Carbon dioxide ( O ), Foams ( O ), Powder ( O ), Dry sand ( O ), Other ( ),
  - (Specific hazards arising from the chemical)
    - \* This substance is not inflammable but the dry material is inflammable.
    - \* When burning, there is possibility to make carbon monoxide occur.

- (Specific extinguishing method)
  - \* Tell Fire Service the place and the dangerous/hazardous property.
  - \* Prevent outflow being in water pipe or watercourse.
  - \* Wear respiratory-protective-equipment and protective-glove.
  - \* Remove combustibles quickly from the surrounding area.
  - \* Uses the suitable extinguishing media.
  - \* Do fire fighting from the windward.
- (Special protective equipment and precautions for fire-fighters)
  - \* Wear respiratory-protective-equipment, chemical-defense clothes/glove/boots,/glasses/mask as occasion demands.
- 6. Accidental release measures
  - ( Personal precautions, protective equipment and emargency prosedures )
    - \* Wear protective equipments ( gloves, protective mask, apron and goggles ).
  - (Environmental precautions)
    - \* Prevent outflow being in water pipe or watercourse.
    - \* When water pipe or watercourse are polluted, contact organs concerned.
  - ( Methods and materials for containment and cleaning up )
    - \* Collects outflow to the container which can be shut, and move it to the safe place.
    - \* Prevent outflow using dry sand, earth or other imcombustible material, and make absorb residue to collect it.
    - \* It may use water sprayer to absorb the diffusion of vapour.
    - \* Dispose wastes based on the regurations concerned.
- 7. Handling and storage
  - (Handring: Technical measure)
    - \* Handle this based on the related laws ( Industrial Safety and Health Law, Fire Defense Law, etc. ).
    - \* Forrow the operation-standard, keep working atmosphere below TLV, promote ventilation.
    - \* After handling, wash hands with soap water. It should wash work clothing separately.
  - (Handring: Notice)
    - \* Avoid contact with strong oxidizing reagent.
    - \* It has a fear of causing a reaction by heating, acidic material and alkaline material.
    - \* Use the container which has no damage, no corrosion and no breakage.
    - \* Gather used containers to the decided safekeeping place.
  - (Storage)
    - \* Store container tightly closed in the place which well-ventilated and cool.

#### 8. Exposure controls/personal protection

Standard control concentration, threshold limit value etc.

| Chemical name       | Standard control<br>concentration | Tthreshold<br>limit value | ACGIH<br>( TLV ) | PRTR        |
|---------------------|-----------------------------------|---------------------------|------------------|-------------|
| carbon black        | —                                 | 1mg/m3                    | 3mg∕m3           | —           |
| manganese compounds | 0.2mg∕m3∙Mn                       | 0.2mg∕m3∙Mn               | -                | Class 1-412 |
| —                   | -                                 | —                         | -                | _           |
| -                   | -                                 | —                         | _                | —           |
| -                   | 1                                 | —                         | 1                | -           |

[Equipment measure]

- \* Set up safe shower, bathroom and face washing near the work area, and display the position.
- \* Show the signs such like 'NO UNAUTHORIZED ENTRY'.
- (Protection measure)
  - \* As occasion demands, wear following guards appropriately.
    - air-supplied respirator, air SCBA, oxygen SCBA, chemical-cartridge respirator,
    - protective glasses, protective gloves, protective boots, protective clothing,
  - \* Check protective equipments regularly by the check list.
  - \* Don't eat, drink or smoke when using this product.
  - \* Wash hands with soap before eat, drink or smoke.
  - \* The person who showed the symptom of the asthma once should not contact this chemical because he may cause the same symptom.
  - \* Contact lens bring about special harm.
  - Don't use soft contact lens because it absorbs irritant and has possibility to concentrate them.
  - \* Wear chemical-proof type protective gloves and antistatic protective shoes.

# 9. Physical and chemical properties

| (Privsical state: Liquid) | (Physic | al state: | Liauid ) |  |
|---------------------------|---------|-----------|----------|--|
|---------------------------|---------|-----------|----------|--|

| Colour        | Indicate in the product name | Density     | 1.04             | g∕mL(25°C)  | Flash point     | Not              |
|---------------|------------------------------|-------------|------------------|-------------|-----------------|------------------|
| Odour         | Slight resin odour           | PH          | 7 - 9            |             | Ignition point  | No data          |
| Boiling point | 100 °C (ref.)                | Solbility   | No data          |             | Flammability or | explosive limits |
| Vapour pressu | ure No data                  | Partiton co | oefficient n-oct | tanol/water | Lower           | No data          |
|               |                              |             | No data          |             | Upper           | No data          |

10. Stability and reactivity

(Chemical stability)

- \* The product seems to be stable.
- \* It has a possibility of the dangerous/harmful reaction.
- \* It reacts to the oxidizing materials.
- \* No other reactions were informed.

( Conditions to avoid )

- \* Heating, Contact with the avoidance, Ignition source.
- $\ast$  Degradation product which has dangerous/hazardous property.
- \* Vapour of organic solvent.
- \* Heat, light, metal powder and peroxide.

# 11. Toxicological information

| Chemical name       | Acute toxicity |                             |                |                             |  |
|---------------------|----------------|-----------------------------|----------------|-----------------------------|--|
|                     | Oral           | Dermal                      | Gasas          | Vapours                     |  |
| carbon black        | Not classified | Classification not possible | Not applicable | Classification not possible |  |
| manganese compounds | Not classified | Classification not possible | Not applicable | Classification not possible |  |

\* Hazards information is peculiar to the chemicals. It doesn't change according to the content.

- \* Residual property/resolvability
- There are not data as a mixture.
- \* Creature accumulation characteristics There are not data as a mixture.
- \* Movement degree in the soil There are not data as a mixture.
- 13. Disposal consideration

\* Requests disposal to the agency who has solid-waste-treatment license.

- \* When disposing container, dispose after removing a content fully.
- \* Dispose of contents/container in accordance with local/regional/national regulation.

### 14. Transport information

(National regulation)

\* There is not special regulation.

- (International regulation) \* UN number
- Not
- \* UN classification It doesn't correspond to the danger according to the UN recommendation.
- (Special precautions)
  - \* In case of transportation, carry "transportation notice" or "Yellow Card".
  - $\ast$  Confirm container tightly closed and no leaking before transportation.
  - \* In case of transportation, fix a container tightly and use buffering one as occasion demands.

### 15. Regulatory information

| * Industrial Safety and Health Law                                      |                |
|---|----------------|
| Dangerous goods   | Not applicable |
| Ordinance on the Prevention of Organic Solvent Poisoning                | Not applicable |
| Ordinance on Prevention of Lead Poisoning                               | Not applicable |
| Ordinance on Prevention of Hazards due to Specified Chemical Substances | Not applicable |
|   |                |

Not listed

\* Pollutant Release and Transfer Register LawNot listed\* Poisonous and Deleterious Substances Control LawNot applicable\* Fire Defense LawNot applicable\* Ship Safety LawNot applicable

\* Offensive Odor Control Low
