SAFETY DATA SHEET

Issued Date 2021/3/9

1. Identification

* Product name Water-Based Urethane Floor

* Reference number 29301

* Company Washin Paint Co.,Ltd.

* Company address 2100-18 Kamiyoshiba Satte-shi Saitama-ken 340-0121 Japan

* Section concerned Production engineering department

* Person in change Takeyuki Kawashima
* Phone No. 0480-48-2021
* FAX No. 0480-48-2024
* Emergency contact 0480-48-2021
* Product kind Urethane resin paint

* Principal use Wood paint

2. Hazards identification

[Classification]

| Hazard statement Not classified Not classified | Hazards | Category | Signal word | | |

Exclamation mark

Health hazard

[Precautionary statement]

(Prevention)

- * Obtain and understand special instructions before use.
- * Don't eat, drink or smoke when using this product.
- * Wear protective gloves and eye/face protection when it needs.
- * Wash hands thoroughly and gargle after handling.
- * Paint adhered cloth, paint sluge and sprayed dust have the fear of the spontaneous combustion, so be flooded them until it disposes or burns them up every time at work.

(Response)

- * In case of fire, use carbon dioxide/powder/foams for extinction.
- * If in eyes: Rince cautiously with water, get medical advice/attention.
- * If on skin or cloth: Wash with plenty of soap and water. Take off contaminated clothing and exchange it.
- * If skin irritation occurs, seek medical advice/attention.
- * If exposed or concerned: Get medical attention/advice.

(Strage)

* Store container in the place which well-ventilated and cool.

(Disposal)

- * Don't dispose contents/container to the river and the sewage.
- * Dispose contents/container in accordance with local/regional/national regulation.

3. Composition/information on ingradients

Property

Mixture

Product kind

Urethane resin paint

| · · · · · · · · · · · · · · · · · · · | - | | | |
|---------------------------------------|---------------|------------|--------------------|-------------|
| Chemical name | Weight (%) | CAS No. | Chemical structure | Notice duty |
| manganese compounds | 0.38 | _ | _ | 0 |
| dipropyleneglycol monomethyl ether | 1~5 | 34590-94-8 | C7H16O3 | 0 |
| triethylamine | 1.1 | 121-44-8 | C6H15N | 0 |
| _ | _ | _ | _ | _ |
| _ | _ | _ | _ | _ |

4. First-aid measures

(When swallowing)

- * Without making vomit by force, be rested and have a medical attention.
- * The vomit doesn't make swallow. Get medical attention.

(When inhaling)

* Remove to fresh air and keep at rest in a position comfortable for breathing.

Seek medical advice/attention if you feel unwell.

(When adhering to the skin)

- * Wipes up quickly with cloth and washes it off sufficiently using plenty of water and soap.
 - Don't use organic solvent, thinner and so on.
- ullet If you get damage or feel pain, seek medical advice/attention.

(When entering eyes)

- * Wash for more than 15 minutes with a plenty of water at once.
- * Get a medical attention as fast as possible.

5. Fire-fighting measures

(Suitable extinguishing media)

* Water (\bigcirc), Carbon dioxide (\bigcirc), Foams (\bigcirc), Powder (\bigcirc), Dry sand (\bigcirc), Other (\bigcirc),

(Specific hazards arising from the chemical)

- * This substance is not inflammable but the dry material is inflammable.
- * When burning, there is possibility to make carbon monoxide occur.

29301

(Specific extinguishing method)

- * Tell Fire Service the place and the dangerous/hazardous property.
- * Prevent outflow being in water pipe or watercourse.
- * Wear respiratory-protective-equipment and protective-glove.
- * Remove combustibles quickly from the surrounding area.
- * Uses the suitable extinguishing media.
- * Do fire fighting from the windward.

(Special protective equipment and precautions for fire-fighters)

★ Wear respiratory−protective−equipment, chemical−defense clothes/glove/boots,/glasses/mask as occasion demands.

6. Accidental release measures

(Personal precautions, protective equipment and emargency prosedures)

* Wear protective equipments (gloves, protective mask, apron and goggles).

(Environmental precautions)

- * Prevent outflow being in water pipe or watercourse.
- * When water pipe or watercourse are polluted, contact organs concerned.

(Methods and materials for containment and cleaning up)

- * Collects outflow to the container which can be shut, and move it to the safe place.
- * Prevent outflow using dry sand, earth or other imcombustible material, and make absorb residue to collect it.
- * It may use water sprayer to absorb the diffusion of vapour.
- * Dispose wastes based on the regurations concerned.

7. Handling and storage

(Handring: Technical measure)

- * Handle this based on the related laws (Industrial Safety and Health Law, Fire Defense Law, etc.).
- * Forrow the operation-standard, keep working atmosphere below TLV, promote ventilation.
- * After handling, wash hands with soap water. It should wash work clothing separately.

(Handring: Notice)

- * Avoid contact with strong oxidizing reagent.
- * It has a fear of causing a reaction by heating, acidic material and alkaline material.
- * Use the container which has no damage, no corrosion and no breakage.
- * Gather used containers to the decided safekeeping place.

(Storage)

* Store container tightly closed in the place which well-ventilated and cool.

8. Exposure controls/personal protection

Standard control concentration, threshold limit value etc.

(Control parameters e.g. occupational exposure limit values or biological limit values)

| Chemical name | Standard control concentration | Tthreshold limit value | ACGIH (TLV) | PRTR |
|------------------------------------|--------------------------------|---------------------------|------------------|-------------|
| manganese compounds | 0.2mg/m3•Mn | 0.2mg/m3•Mn | _ | Class 1-412 |
| dipropyleneglycol monomethyl ether | _ | _ | 100ppm | _ |
| triethylamine | _ | _ | 1ppm | Class 1-277 |
| _ | _ | _ | _ | _ |
| _ | _ | _ | _ | _ |

[Equipment measure]

- * Set up safe shower, bathroom and face washing near the work area, and display the position.
- * Show the signs such like 'NO UNAUTHORIZED ENTRY'.

(Protection measure)

- * As occasion demands, wear following guards appropriately.
 - air-supplied respirator, air SCBA, oxygen SCBA, chemical-cartridge respirator, protective glasses, protective gloves, protective boots, protective clothing,
- * Check protective equipments regularly by the check list.
- * Don't eat, drink or smoke when using this product.
- * Wash hands with soap before eat, drink or smoke.
- * The person who showed the symptom of the asthma once should not contact this chemical because he may cause the same symptom.
- * Contact lens bring about special harm.

Don't use soft contact lens because it absorbs irritant and has possibility to concentrate them.

* Wear chemical-proof type protective gloves and antistatic protective shoes.

9. Physical and chemical properties

(Physical state: Liquid)

| Colour | Translucent pale brown | Density | 1.06 | $g/mL(25^{\circ}C)$ | Flash point | Not |
|---------------|------------------------|----------------|--------------|---------------------|-----------------|------------------|
| Odour | Slight resin odour | PH | 7 – 9 | | Ignition point | No data |
| Boiling point | 100 °C (ref.) | Solbility | No data | | Flammability or | explosive limits |
| Vapour pressu | re No data | Partiton coeff | icient n-oct | anol/water | Lower | No data |
| | | | No data | | Upper | No data |

10. Stability and reactivity

(Chemical stability)

- * The product seems to be stable.
- * It has a possibility of the dangerous/harmful reaction.
- * It reacts to the oxidizing materials.
- * Paint adhered cloth, paint sluge and sprayed dust have the fear of spontaneous combustion when it oxidize.

(Conditions to avoid)

- * Heating, Contact with the avoidance, Ignition source.
- st Degradation product which has dangerous/hazardous property.
- * Vapour of organic solvent.
- * Heat, light, metal powder and peroxide.

11. Toxicological information

| _ | - | - | - |

^{*} Hazards information is peculiar to the chemicals. It doesn't change according to the content.

12. Ecological information

| Chemical name | Hazardous to aquatic environment | | | |
|------------------------------------|----------------------------------|-----------------------------|-----------------------------|--|
| Chemical name | Acute | Chronic | Ozone layer | |
| manganese compounds | Classification not possible | Classification not possible | Classification not possible | |
| dipropyleneglycol monomethyl ether | Not classified | Not classified | Classification not possible | |
| triethylamine | Category 2 | Category 3 | Classification not possible | |
| _ | - | - | - | |
| _ | _ | _ | 1 | |

* Hazards information is peculiar to the chemicals. It doesn't change according to the content.

* Residual property/resolvability

There are not data as a mixture.

* Creature accumulation characteristics

There are not data as a mixture.

There are not data as a mixture.

13. Disposal consideration

- * Requests disposal to the agency who has solid-waste-treatment license.
- * When disposing container, dispose after removing a content fully.
- * Dispose of contents/container in accordance with local/regional/national regulation.

14. Transport information

(National regulation)

* There is not special regulation.

(International regulation)

* UN number Not

* UN classification It doesn't correspond to the danger according to the UN recommendation.

(Special precautions)

- * In case of transportation, carry "transportation notice" or "Yellow Card".
- * Confirm container tightly closed and no leaking before transportation.
- * In case of transportation, fix a container tightly and use buffering one as occasion demands.

15. Regulatory information

* Industrial Safety and Health Law

Dangerous goods

Ordinance on the Prevention of Organic Solvent Poisoning

Ordinance on Prevention of Lead Poisoning

Ordinance on Prevention of Hazards due to Specified Chemical Substances

Not applicable

Not applicable

* Pollutant Release and Transfer Register Law

* Poisonous and Deleterious Substances Control Law

* Fire Defense Law

* Ship Safety Law

* Offensive Odor Control Low

Listed

Not applicable

Not applicable
