

SAFETY DATA SHEET

Issued Date 2009/5/8
Revision Date 2025/6/13

1. Identification of the product and of the company

* Product name Pore Stain: Maple

* Reference No. 24518

* Manufacturer Washin Paint Co., Ltd.

* Address 2100-18, Kamiyoshiba, Satte-shi, Saitama 340-0121, Japan

* Phone No. 0480-48-2021

* FAX No. 0480-48-2024

* Emergency contact 0480-48-2021

* Product type Water-based pigment type coloring paint

* Principal use Wood paint

2. Hazards identification

[Classification]

| Hazards | | Category | Signal word |
|--|--------|-----------------------------|-------------|
| | | Hazard statement | |
| Flammable liquids | | Not classified | |
| Acute toxicity | Oral | Not classified | |
| | Dermal | Not classified | |
| | Gases | Not classified | |
| | Vapors | Not classified | |
| | Mists | Not classified | |
| Skin corrosion/irritation | | Classification not possible | |
| Serious eye damage/eye irritation | | Classification not possible | |
| Respiratory sensitization | | Classification not possible | |
| Skin sensitization | | Classification not possible | |
| Germ cell mutagenicity | | Classification not possible | |
| Carcinogenicity | | Classification not possible | |
| Reproductive toxicity | | Classification not possible | |
| Specific target organ toxicity: Single exposure | | Classification not possible | |
| Specific target organ toxicity: Repeated exposure | | Classification not possible | |
| Aspiration hazard | | Not classified | |
| Hazardous to aquatic environment: Acute | | Not classified | |
| Hazardous to aquatic environment: Chronic | | Classification not possible | |
| Hazardous to the ozone layer | | Classification not possible | |

* For the details with "Specific target organ toxicity", refer to "11. Toxicological information".

[Symbol]

Not applicable.

[Precautionary statement]

(Prevention)

- * Obtain and understand special instructions before use.
- * Do not eat, drink or smoke when using this product.
- * Wear protective gloves and eye/face protection when it needs.
- * Wash hands thoroughly and gargle after handling.

(Response)

- * In case of fire, use CO2/powder/foams for extinction.
- * If in eyes: Rinse cautiously with water, get medical advice/attention.
- * If on skin or clothing: Wash with plenty of soap and water. Take off contaminated clothing and exchange it.
- * If skin irritation occurs: Get medical advice/attention.
- * If exposed or concerned of exposure: Get medical advice/attention.

(Storage)

- * Store container in the place which well-ventilated and cool.

(Disposal)

- * Do not dispose contents/container to the river and the sewage.
- * Dispose of contents/container in accordance with local/regional/national regulation.

3. Composition/information on ingredients

Property Mixture
Product type Water-based pigment type coloring paint

| Ingredient name | Weight (%) | CAS No. | Chemical formula | Duty of notify |
|-----------------|------------|-----------|------------------|----------------|
| Water | 90~100 | 7732-18-5 | H2O | — |
| Pigment | 1~5 | — | — | — |
| Additive | 0~1 | — | — | — |
| | | | | |

4. First-aid measures

(If swallowed)

- * Do not induce vomiting. Keep at rest and get medical attention immediately.
- * Do not swallow vomit.

(If inhaled)

- * Remove to fresh air and keep at rest in a position comfortable for breathing.
- * Get medical advice/attention if you feel unwell.

(If on skin)

- * Wipe off quickly with cloth and wash with plenty of water and soap.
Do not use solvents or thinners.
- * If skin irritation or pain occurs, get medical advice/attention.

(If in eyes)

- * Wash with plenty of clean water for at least 15 minutes immediately, including behind the eyelids.
- * Get medical attention as soon as possible.

5. Fire-fighting measures

(Suitable extinguishing media)

- * Water (O), CO2 (O), Foam (O), Powder (O), Dry sand (O), Other ()

(Specific hazards arising from the product)

- * This product itself is non-flammable, but the dry product after the water has evaporated is flammable.
- * Will form toxic carbon monoxides upon combustion.

(Specific extinguishing method)

- * Inform fire station of the location and the hazardous/toxicological information of fire.
- * Prevent spills from entering sewers, watercourses.
- * Wear respiratory protection and protective gloves.
- * Remove quickly all flammable materials from the area.
- * Use the suitable extinguishing medias.
- * Do fire fighting from the windward.

(Special protective equipment and precautions for fire-fighters)

- * Wear respiratory protective equipment/chemical protective clothing/gloves/boots/glasses/masks as necessary.

6. Accidental release measures

(Personal precautions, protective equipment and emergency procedures)

- * Wear protective equipment (gloves, protective mask, apron, goggles, etc.).

(Environmental precautions)

- * Prevent spills from entering sewers, watercourses.
- * If contamination of sewer pipes or waterways occurs, notify appropriate authorities.

(Methods and materials for containment and cleaning up)

- * Collect spills in sealable containers and move to a safe place.
- * Absorb spills with inert material (dry sand, earth, et al).
- * Water spray mist may be used to absorb the diffusion of vapors.
- * Dispose of waste in accordance with applicable laws and regulations.

7. Handling and storage

(Handling: Technical measure)

- * Handle in accordance with relevant laws and regulations (the Industrial Safety and Health Act and the Fire Service Act, etc.).
- * Follow the correct work procedures, ventilate well and keep the working environment below TLV.
- * After handling, always wash with soap and water. Launder work clothing separately from other clothing.

(Handling: Notice)

- * Avoid contact with strong oxidizing agent.
- * Take caution as heat, acidic and alkaline substances may induce a reaction.
- * Use containers that are not damaged, corroded or cracked.
- * Used containers should be collected in the designated area.

(Storage)

- * Store in a cool, well-ventilated place in a tightly closed container.

8. Exposure controls/personal protection

Standard control concentration, threshold limit value etc.

(Control parameters e.g. occupational exposure limit values or biological limit values)

| Ingredient name | Standard control concentration | Threshold limit value | ACGIH (TLV) | PRTR (Ctrl. No.) | Skin harmful substances | |
|-----------------|--------------------------------|-----------------------|-------------|------------------|-------------------------|------------|
| | | | | | Irritation | Absorption |
| Water | — | — | — | — | — | — |
| Pigment | — | — | — | — | — | — |
| Additive | — | — | — | — | — | — |
| | | | | | | |
| | | | | | | |

(Equipment measure)

- * Install safety showers, hand- and face-washing facilities near handling areas and clearly indicate their locations.
- * Post signs such as "NO UNAUTHORIZED ENTRY" in easily visible locations.

(Protection measure)

- * Wear the following protective equipment as necessary:
 Air supply masks, air SCBA, oxygen SCBA, gas masks, protective goggles, impermeable protective gloves, protective boots, protective clothing
- * Check protective equipment regularly using a checklist.
- * Do not eat, drink, or smoke while handling.
- * After handling, wash hands with soap before eating, drinking, or smoking.
- * If you experience asthma symptoms while using this product, do not come into contact with it again as it may cause the same symptoms.
- * Contact lenses pose a special hazard.
 Soft lenses should not be used because they can absorb irritants and concentrate them.
- * Wear impermeable chemical protective gloves and antistatic safety shoes.

9. Physical and chemical properties

(Physical state: Liquid)

| | | | |
|--------------|-------------------------------|---------|------------------|
| Liquid color | Indicated in the product name | Density | 1.01 g/mL (25°C) |
| Odor | Slight resin odor | pH | 7 – 9 |

10. Stability and reactivity

(Chemical stability)

- * Stable under normal storage/handling conditions.

(Possibility of hazardous reactions)

- * Reacts with oxidizing agents.
- * No other reactions were informed.

(Conditions to avoid)

- * Avoid heat and sources of ignition (flames, sparks, etc.).
- * Organic solvent vapors
- * Heat, light, metal powders and peroxides

11. Toxicological information

| Ingredient name | Acute toxicity | | | |
|-----------------|-----------------------------|-----------------------------|----------------|-----------------------------|
| | Oral | Dermal | Gases | Vapors |
| Water | Not classified | Not classified | Not classified | Not classified |
| Pigment | Classification not possible | Classification not possible | Not classified | Classification not possible |
| Additive | Classification not possible | Classification not possible | Not classified | Classification not possible |
| | | | | |

| Ingredient name | Acute toxicity | Skin corrosion/ irritation | Serious eye damage/ eye irritation | Respiratory sensitization |
|-----------------|-----------------------------|-------------------------------|---------------------------------------|------------------------------|
| | Mists | | | |
| Water | Not classified | Not classified | Not classified | Not classified |
| Pigment | Classification not possible | Classification not possible | Classification not possible | Classification not possible |
| Additive | Classification not possible | Classification not possible | Classification not possible | Classification not possible |
| | | | | |

| Ingredient name | Skin sensitization | Germ cell mutagenicity | Carcinogenicity | Reproductive toxicity |
|-----------------|-----------------------------|-----------------------------|-----------------------------|-----------------------------|
| Water | Not classified | Not classified | Not classified | Not classified |
| Pigment | Classification not possible | Classification not possible | Classification not possible | Classification not possible |
| Additive | Classification not possible | Classification not possible | Classification not possible | Classification not possible |
| | | | | |

| Ingredient name | Specific target organ toxicity | | Aspiration hazard |
|-----------------|--------------------------------|-----------------------------|-----------------------------|
| | Single exposure | Repeated exposure | |
| Water | Not classified | Not classified | Not classified |
| Pigment | Classification not possible | Classification not possible | Classification not possible |
| Additive | Classification not possible | Classification not possible | Classification not possible |
| | | | |

* This information is specific to the chemical substance and is not dependent on the concentration.

12. Ecological information

| Ingredient name | Hazardous to aquatic environment | | Hazardous to the ozone layer |
|-----------------|----------------------------------|-----------------------------|------------------------------|
| | Acute | Chronic | |
| Water | Not classified | Not classified | Classification not possible |
| Pigment | Classification not possible | Classification not possible | Classification not possible |
| Additive | Classification not possible | Classification not possible | Classification not possible |
| | | | |

* This information is specific to the chemical substance and is not dependent on the concentration.

- | | |
|---------------------------------|---|
| * Persistence and degradability | There is no data available for the mixture. |
| * Bioaccumulative potential | There is no data available for the mixture. |
| * Mobility in soil | There is no data available for the mixture. |

13. Disposal considerations

- * When disposing of this product, ask an industrial waste disposal company to handle the disposal.
- * Dispose of container after using the contents completely.
- * Dispose of the contents/container in accordance with local/national regulations.

14. Transport information

(National regulations)

- * There are no specific regulations.

(International regulations)

- * UN number None
- * UN classification Not considered a Hazardous material according to the definition of the UN recommendations.

(Special precautions)

- * When transporting by vehicle, etc., carry the transportation precautions and Yellow Card.
- * Check the container is tightly sealed and there are no leaks before transport.
- * To prevent containers from being damaged, secure them tightly and use cushioning material if necessary.

15. Regulatory information

- | | |
|---|----------------|
| * Industrial Safety and Health Act | |
| • Hazardous material | Not applicable |
| • Ordinance on Prevention of Organic Solvent Poisoning | Not applicable |
| • Ordinance on Prevention of Lead Poisoning | Not applicable |
| • Ordinance on Prevention of Hazards Due to Specified Chemical Substances | Not applicable |
| • Skin irritant harmful substances | Not listed |
| • Skin absorbable harmful substances | Not listed |
| * Pollutant Release and Transfer Register Law | Not listed |
| * Poisonous and Deleterious Substances Control Act | Not applicable |
| * Fire Service Act | Not applicable |
| * Ship Safety Act | Not applicable |
| * Offensive Odor Control Law | Not listed |

16. Other information

(Main references)

- * Data published by the National Institute of Technology and Evaluation
- * Japan Paint Manufacturers Association,
 - "Raw Materials Database"
 - "GHS-compliant SDS/Label Creation Guidebook [Mixtures (for paints)]"
 - "Model MSDS/Model Label Examples [Mixtures (for paints)]"
